Five Teens Face Drug Charges at Glenelg High School

Howard County Police arrested five Glenelg High School students today after an administrator discovered the teens using marijuana on school grounds.

Four boys, ages 16 and 17, from Marriottsville, Woodbine, Sykesville and Mt. Airy, and one girl, 16, from Cooksville, were charged with possession of marijuana and drug paraphernalia. The teens will not be identified because of their ages.

The school administrator contacted police to report that the teens were using drugs in a school parking lot. An officer responded to the scene, charged the teens as juveniles and released them to the custody of their parents.
